Blue

The baskets nest as any traditional hand basket would which does not increase the foot print while at point of entry for the customers.

PRODUCT SPECIFICATIONS:

Weight:	4.5lbs
Stackable:	15 units (recommended)
Height:	42 inches (stacked 15 height)
Length:	24 inches
Width:	13.5 inches

BENEFITS:

- Able to carry over 50% more than traditional hand baskets
- Less space required in the shopping aisles and the express checkouts
- Hands free
- In-store client retention
- Non-skid rubber wheel
- All Swivel Large Castor

With the all swivel large castor the basket can be turned 360 degrees and can move laterally from side to side. This makes this item ideal for narrow aisles and small areas.
